Wellesley Cooperative Clothing Exchange Tomorrow At Babson's

All roads tomorrow lead to the Wellesley Cooperative Clothing Exchange, to be held for one day only, Friday, Sept. 10, from 8 a.m. to 7 p.m., at the Knight Auditorium Annex, Babson Institute. Fall and winter for the entire family, including the sale, which is celebrating its twentieth anniversary as a Wellesley tradition.

Coming from all parts of New England to bargain hunt at this famous sale, shoppers will arrive equipped with tape measures and lists of sizes and measurements for the whole family. It is suggested that mothers can shop more successfully if they leave small children at home or with neighbors.

There will be no telephone service at the Clothing Exchange during the sale, and

shoppers are urgently requested not to telephone Babson Institute.

Wellesley residents who have submitted clothing to the sale are reminded that unsold clothing must be picked up at the Annex on Saturday, Sept. 11, from 9 a.m. until noon. Anything left after this time will be sent to Europe, under the auspices of the American Friends Service Committee. Owners will find their clothing on alphabetical racks and tables.

A.F.S. "Information Evening" At High School September 16

An "information evening" is being held for parents of students in the Junior class of the Senior High School, who are considering being applicants for the American Field Service program, sponsored by the Wellesley Chapter, American Field Service. The evening of Thursday, September 16, at 7:45 p.m. at the library of the Senior High School, is being arranged so that the parents of those students desiring to apply for the school year abroad, the summer program or the southern hemisphere program, may understand fully what is involved.

On hand to explain more fully the American Field Service picture, will be Mrs. John R. Deal, President of the Wellesley Chapter, Mrs. Russell S. Clymer, Chairman of the Americans Abroad Program, and her vice

chairman, Mrs. David R. Porter. In addition there will be Dr. Angelo Bertocci, father of two American Field Service students, Mrs. J. Robert Lyman, mother of an AFS daughter and long active in Chapter activities, and Mrs. James A. Lyttle, past president of the Chapter and host mother to a foreign student.

It has been felt that too few parents understand the true picture of the American Field Service program. In order to clarify not only the program but the activities of the selection committee and the Chapter members, at least one parent of each prospective applicant must attend this information meeting.

Notices will be sent home to the parents of all students in the junior class on Monday, September 13.

The Mothers' Club of the First Congregational Church of Wellesley Hills will hold its first meeting on Wednesday, September 22. There will be a "get acquainted" coffee at 9:30 a.m. with background music provided by Mrs. Donald Gardner. Hostesses will be Mrs. James R. Herbig and Mrs. Joseph E. Harbuck, Jr. Following the coffee, color slides will be shown of last May's Mother-Son banquet and the Rev. Arthur Melanson will discuss the Enriched Classes. Devotions will be given by the Rev. Ellis Hemingway. All mothers of Church School children are invited to attend. Care of toddlers will be provided.

The Lunch Bell

School bells are ringing, the smell of fresh bread baking rises from the school kitchens, and once again we are setting out to feed the inner man.

This year we would like to tell you our story by asking you a question: WHAT PRICE NUTRITION? — What price indeed! 25 cents, 30 cents, 3 cents. For each of you an inexpensive method of answering a decided need — the better nutrition of your son or daughter. For example, let's consider your child in the elementary school. Unfortunately, there we do not have the opportunity of serving lunch to your children, but we do have the "milk and cracker program" in all the schools. This service costs you but \$6.92 a year for each child. Small payment for a product that will do more than any other single food to keep your child really healthy; that contains all the food elements required for growth and vitality; that gives you more for your money; that is a refreshing beverage; that makes on fit — not fat.

At both the Junior and Senior High School levels, again we ask — WHAT PRICE NUTRITION? Here we have the opportunity of broadening the food horizons of your children. Naturally, the food will not be "just like mother makes," but then what commercial restaurant can do for 1,000 what you can do for six. The techniques, the problems, and the numbers lend themselves to the difference in the product. We do offer, however, a substantial meal, well-cooked, well-thought-out, we hope well-merchandised, and with the best interests of your children in mind. All this for 25 or 30 cents a day, plus whatever a la carte items might be selected. Some day figure your food cost plus your labor (at least \$1.35 an hour) and materials, other than food. See what it costs you to pack:

- 3 oz. of protein
- 1 cup fruit or vegetable
- 1 slice of enriched bread
- 2 tsp. butter
- 1/2 pint of milk
- Vitamin C every day
- Vitamin A twice a week

This is what we give your child every day — this is the price of his nutrition. We have always felt, in the past, that we lack proper communication with parents because they don't know our side of the story as well as they might. We would like to begin to tell our story and would ask you to help. Have any questions? If so, please write to us and we shall be glad to publish the answers. Would you like any of our recipes? We shall be glad to send them to you upon request. Please direct any correspondence to:

Would you like to inspect our kitchens? They are always open for inspection at both Junior and Senior High Schools on PTA nights. However any parent who wishes may inspect our kitchens at any time simply by coming to the above address. We always like and welcome "company."
